**SCHOLARSHIP AWARDS:** From left, architect J. Robert Hillier, 2022 Florence Bell Hillier Award winner Jadlyn Piotrowski, and Women's College Club of Princeton Scholarship Committee chair Elaine Rafferty at last year's presentation.

#### Applications are Available For Annual Scholarship

For over 100 years the primary mission of the Women's College Club of Princeton (WCCP) has been to award scholarships to outstanding young women with financial need graduating from Princeton High School, Princeton Day School, The Hun School, Stuart Country Day School of the Sacred Heart, and beginning this year, the Lewis School.

To date, these awards have totaled over \$700,000. They are made possible as a result of endowments, fundraisers, and donations, including those made in honor or memory of present or former members of the club, such as the annual Florence Bell Hillier Award.

Applications for this year are available with college counselors at each school or

by contacting Sandra Stein, 2023 Chair of the WCCP Scholarship Committee, at [sstein0696@verizon.net](mailto:sstein0696@verizon.net).

WCCP meets on the third Monday of the month at the Stockton Education Center on the grounds of the Morven Museum. They feature speakers and programs of multiple interests such as former U.S. presidents; art history, with docents from the Princeton Art Museum; gardening; climate change; and the history of African Americans in Princeton.

In addition to its monthly gatherings, the club offers a variety of activities for smaller groups, including walks, hiking, playing Bridge, reading in a book club, and taking trips to museums or other points of interest.

Women of all ages are encouraged to join. For more information, visit [wccpnj.org](http://wccpnj.org).
